

Vishal Patel
Founder & CEO
Nidhiksh Investments Inc

Vishal founded **Nidhiksh Investments Inc.** with a clear mission: to help investors preserve their wealth, generate annual dividend income, and build a legacy of wealth that endures across generations. The firm invests in public and private markets with a disciplined focus on controlled risk management and capital preservation.

Vishal Patel brings extensive experience from the IT sector, where he developed strong analytical, operational, and strategic execution skills while supporting major healthcare and insurance organizations, including UnitedHealth Group, Aetna, Anthem, Blue Cross Blue Shield, and Molina Healthcare. His work focused on optimizing systems, improving efficiency, and enabling large-scale technology initiatives.

He later transitioned these capabilities into entrepreneurship and investment, applying the same disciplined, strategic approach to wealth management, capital growth, and business leadership. Vishal has founded and led an IT consulting firm that connected top technical talent with leading companies, as well as a primary care clinic network, demonstrating his ability to build and scale businesses across industries.

Over the past several years, he has focused on the Public and Private Markets and investment strategy, developing advanced expertise in capital growth. His combined background in technology, healthcare, and finance positions him as a forward-thinking leader with a disciplined, innovation-driven approach to creating long-term value for **Nidhiksh Investments Inc.**
